NW President Report 2025

We have been working hard to get dressage up and running again is North West.

We sent a combined preliminary junior team to the youth champs in 2025.

We also managed to send an open adult team and combined novice and elementary team to the adult champs.

We have passed two new venues in the North West province. So hope to see shows held there shortly.

We have managed to recruit some of our children and junior riders from sadness, thanks to DSA initiative offering free membership.

We are getting there slowly but steadily.

Thanks for all the help from my committee. And look forward to seeing dressage grow in the province.

Alayne McLean
NW President
